SUMMER 2026

Michael Kohl recognised as a Best Lawyer for the tenth consecutive year

Michael Kohl has been recognised in the Best Lawyers ranking for Handelsblatt in Banking and Finance Law and in Restructuring and Insolvency Law, for the tenth consecutive year since 2017. The listing is based on a peer review among commercial lawyers in which self-nomination is excluded.

About elvenstein. elvenstein is a boutique for Corporate Finance, Private Capital, Restructuring / Insolvency and Disputes, founded in the summer of 2026. Its two partners, Michael Kohl and Steffen Meier, built their practices at international and national law firms — Kohl at Hogan Lovells and Weil Gotshal, Meier at Wellensiek and White & Case, among others. They act for banks, corporates, funds and investors as well as for (owner-managed) businesses under pressure, large and small, and for private individuals. What the firm offers: distilled experience turned into a real, workable solution — efficient and razor-sharp.
